

NOTICE TO MEMBERS

Precautionary Measures – Covid-19

The General Committee is carefully monitoring the situation of Covid-19 and how to operate the club so that members can enjoy the facilities in a safe environment.

It is for this reason that we will start taking body temperature of members, guests, staff and anyone with a reason to access the club building and grounds as soon as they enter. In order to achieve this, entry to the club can only be made via the main entrance. All other entry locations will be shut. This will take effect as from Monday 9th March until further notice.

The club will only open from 9:00 am and it is not expected that any facility can be used before that. Should anyone display a sign of fever when his/her temperature is taken, he/she will be prohibited from entering the premises.

Again, we would emphasize that face masks must be worn when playing card games and on visit to the office. We will endeavor to keep natural ventilation within the building as far as applicable. For the time being we will not allow the use of the air-condition in the multi-purpose hall. Proper hygienic measures will be stepped up in the locker rooms and other areas of the club.

The General Committee of Club de Recreio
