

NOTICE TO MEMBERS

Suspension of Sports and Recreation facilities in the club to include all outdoor field areas of the club

As part of the fight against Covid-19, your club like most other Sports Club in Hong Kong have joined the government's call to suspend all Sports and Recreation facilities within the club since Wednesday 25th March. This is to conform with a just enacted policy on social distancing. We would like to take this opportunity to thank all members for the sacrifices made during this unfortunate period which we hope would end soon.

We have been lucky so far that some members have been able to make use of our large grounds for running and walking exercises. Members are however reminded that the large field and parts of the area in front of the clubhouse include the hockey field and grass tennis court and if restrictions are put on our sports facilities these should also remain closed. The general committee did not think then that by keeping the grounds opened for members' use could lead to a complication of the social distancing rules. But certain measures which come with the rules are not adhered to by members despite warnings given. To name a few: wearing of masks, keeping a safe distance, avoid groups of more than 4 and no games of any kind to be played. The general committee has been quite tolerant so far. However, with the possibility of a fine and jail time looming for the responsible person, it is decided that, with immediate effect and until further notice, members will not be allowed to use all outdoor field areas of the club.

The General Committee of Club de Recreio
