CHAIRS AND FURNITURE ON TENNIS COURT

It has come to our attention that some of our tennis court users have been bringing outside furniture, such as chairs, onto the tennis court. The tennis courts are designed exclusively for the purpose of playing tennis. Introducing foreign objects onto the playing surface creates tripping hazards and can cause damage to the court over time.

Please refrain from moving any furniture or equipment onto the tennis courts, as this practice poses several safety and maintenance concerns. Designated spectator areas with appropriate seating are available around the courts.
